

Setting Up Your DryTAG RH

1. Using the two screws near the battery pull tab using a Phillips #1.
2. Remove the battery pull tab and discard.
3. Tighten the two screws.
4. Follow instructions on TS- 1131 to add the DryTAG RH to DryLINK.
5. After installation onto equipment (see below), check that equipment shows as “on” within DryLINK.

Installing Onto Equipment

General

The DryTAG RH can be mounted with cable ties or screws. We recommend using cable ties.

DRYTAG RH MOUNTING INSTRUCTIONS

Mounting DryTAG RH on a Phoenix R250
